Increase the appetite by the use of Ayer's Cathartic Pills. They cause the stomach, liver, and bowels to perform their functions properly, do not debilitate, by excessive stimulation, and are not irritating in their action. As an after-dinner Pill they are unequalled.

Dr. Boyd has returned home from his trip to Chicago, and has, we understand, made his arrangements to finally leave Butler and go to another place. The doctor is a learned physician and had a large practice, and only decided to leave here on account of flattering offers from other points.

Honesty is just as great a virtue in pants as in a man. The BUCKSKIN BREECHES are the most faithful, honest goods that we know how to make. Honest seams, honest buttons, honest wear. We've gotten all the goodness we know how to squeeze in, in these breeches. We go still further and refund your money if they are not just as represented.

We desire to call the attention of our readers to the advertisement of Max Weiner, the exclusive boot and shoe man of Butler, which can be seen in this issue. In boots and shoes he is making some very low prices this week and it will be decided to your advantage to visit his store on the east side before you buy. It will pay you to do this as special bargains are offered by this reliable house.

Cyrus and Henry Newcomb, Johnson county farmers, have been arrested charged with stealing a drove of hogs last December, from the Cheatham farm in that county. Fifteen head of feeding steers were stolen from Mr. Cheatham about the time the hogs disappeared and the two men are also suspected of taking them. By investigation it was found that the stock had been sold at Centerville.

"To discontinue an advertisement," says John Wanamaker, the largest advertiser in the world, "is like taking in your sign. If you want to do business you must let the people know it. Standing advertisements, changed frequently, are better and cheaper than reading notices. They look more substantial and business like, and inspire confidence. I would as soon think of doing business without clerks as without advertising."

The prospects for a fruit crop, peaches, apples, pears, cherries and berries, are very flattering, so farmers who have made an investigation tell us. The peach and cherry trees are especially full of bloom and with no preventing providence fruit will be plentiful and cheap.

The Rev. Dr. Lansing held president Cleveland up at a temperance meeting in Boston as an intemperate man. Mr. Cleveland promptly gave the accusation the lie, and the Rev. Dr. proceeded forthwith to retract in the public press. The preacher pretty generally gets his foot in it when he deviates from his calling. In this world there is nothing like telling the truth and letting other people's affairs alone.

Judge Brown is making preparations to remodel his residence on Ohio street. The fever to improve seems to be epidemic this spring. This is a fever the TIMES likes to see contagious in the city. The biggest rain storm for several months fell in this county Monday night. The clouds came up from the south about 5 o'clock and from the threatening appearances it was very plain to be seen that a heavy rain was coming. During the night the water came down in sheets and the electric display was a grand sight to see. At times the heavens seemed to be a sheet of fire. The rain was needed and will be beneficial to the oats and wheat crops.

The Bulletin is entirely mistaken when it asserts that the TIMES wants to see bonds issued on the City of Butler. The TIMES is opposed to bonds and for this reason more than any other supported the city ticket, because we had every assurance that the gentlemen nominated on this ticket would manage to raise sufficient money to defray the expenses of that city without resorting to bonds or mortgaging the homes of the poor. Of the two alternatives the TIMES chose the lesser of the two evils and advocated allowing those of our citizens most able to bear a greater portion of the burdens to do so, and thereby protect the little homes of the poor. The Bulletin man saw the matter in a different light, and if the bonds are issued to defray expenses and the homes of the poor men are taxed to meet the payment of the same, Mr. Atkeson should not dodge or attempt to shift the responsibility of his own acts. Neither should his followers and cohorts kick when the tax collectors call on them for an additional tax on their property to assist in liquidating the obligations of the city in obedience to the edict of the supreme court. Sooner or later it will be discovered that it was Atkeson who advocated bonds and not the TIMES. Mark the prediction.

"For Years,"
says CARRIE E. STOCKWELL, of Chesterfield, N. H. "I was afflicted with an extremely severe pain in the lower part of the chest. The feeling was as if a ton weight was laid on a spot the size of my hand. During the attacks, the perspiration would stand in drops on my face, and it was agony for me to make a sufficient effort even to whisper. They came suddenly, at any hour of the day or night, lasting from thirty minutes to half a day, leaving as suddenly; but, for several days after, I was quite prostrated and sore. Sometimes the attacks were almost daily, then less frequent. After about four years of this suffering, I was taken down with bilious typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. At the first of the fever, my mother gave me Ayer's Pills, my doctor recommending them as being better than anything he could prepare. I continued taking these Pills, and so great was the benefit derived that during nearly thirty years I have had but one attack of my former trouble, which yielded readily to the same remedy."

License was issued yesterday permitting the Bankers Life Insurance Company to do business in this City. The Bankers is a regular "Line" Company, has fully complied with the very exacting laws of Missouri governing such companies and makes a specialty of issuing Non-Forfeiting and Incontestable Indemnity and Investment Bond Policies—with full return premium. The rates charged by this Company are as low as is consistent with safety and as it confines its operations to western states is enabled to maintain a low death rate and realizes higher rates of interest than Eastern Companies can. Its dividend earnings to policy holders last year equalled 7.76 per cent Net—which was the highest earned by any Company. The "Bankers Life" has \$295,955 of assets to each \$100 of liabilities and is therefore financially sound. More especially as 72 per cent of its entire assets are invested in First Mortgages—and not a dollar invested in Railroad Stocks, Bonds or other fluctuating securities. The Company is represented here by Mr. J. W. Quinn, Gen'l Agent, and Mr. H. D. Brooks, Agency Director of the Company, with headquarters at the Palace Hotel.

Weak, Irritable, Tired

"I Was No Good on Earth."
Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease.

"About one year ago I was afflicted with nervousness, sleeplessness, creeping sensation in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss or lapse of memory. Weighted down with care and worry, I completely lost appetite and felt my vitality wearing out. I was weak, irritable and tired. My weight was reduced to 160 lbs. In fact I was no good, on earth."

A friend brought me Dr. Miles' book, "New and Startling Facts," and I finally decided to try a bottle of Dr. Miles' Restorative Nervine. Before I had taken one bottle I could sleep as well as a 10-year-old boy. My appetite returned greatly increased. When I had taken the sixth bottle my weight increased to 170 lbs. The sensation in my legs was gone; my nerves steadied completely; my memory was fully restored. My brain seemed clearer than ever. I felt as good as any man on earth. Dr. Miles' Restorative Nervine is a great medicine, I assure you. August, Me. WALTER R. BURBANK.
Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 bottles for \$5.00, or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
